

# Cornetistas y trompetistas del jazz Vol. 1

Este pdf es el volumen 1 de una recopilación de trompetistas nacidos hasta la década de los 60 en Norteamérica organizados de manera cronológica, inicia como una biblioteca personal, en ella podrán encontrar música de cada uno de los artistas nombrados. Esta investigación aunque bastante incompleta es el comienzo, espero que sea el primero de muchos volúmenes. Indagar en la historia de la trompeta en el jazz me ha llevado a preguntarme varias cuestiones, espero que esto les intrigue tanto como a mí les comparto un par de preguntas que surgieron mientras escudriñaba en la historia de la trompeta ¿Cuál fue el rol de la mujer en el desarrollo de la trompeta jazz? ¿por que en listados presentes en la web como wikipedia no se les nombra? también en ¿que pasó en otros lugares del mundo con este arte y como fue llegando a cada rincón del planeta? Si quieres ayudarme a ampliar esta información no dudes en escribir.
